Objective

Finance professional and crypto-native investor with 4–5 years of hands-on experience across digital assets, actively managing portfolios, deploying liquidity in DeFi (AMMs, CLMMs, lending), and analyzing market-making dynamics, IL, and yield strategies. Strong foundation in traditional finance (fixed income, FX, derivatives) complemented by technical skills in Python, SQL, and VBA. Passionate about researching early-stage opportunities across DeFi, L1/L2 ecosystems and blockchain infrastructure, and motivated to leverage analytical and operational expertise in a crypto or digital asset role.
